

# Hypocrisy, Destroyed

lost my dignity.  
I lost who I am.  
My biggest problem is, I've become sick little eyes.  
Take what be done.  
Known by no one.  
My clock is ticking.  
Don't even trip me, I rip a hole in your life.  
Leave me alone.

When you think I'm on the top and reverse it to tell you all to fuck up.  
I will not be destroyed.  
I refuse to be destroyed. (2x)

Wait. Oh.  
So you thought you knew me, where I stand.  
I'm sorry to tell you you fucked and so you woke my head.  
Get a life and leave me alone.  
Leave me alone.  
Yet there you are.

When you think I'm on the top and reverse it to tell you all to fuck up.  
I will not be destroyed.  
I refuse to be destroyed. (2x)

Don't even try to trip me, I ripped a hole in your life.  
I don't understand why you even spend the time on my life.  
But you and everything you stand for, you and all your fucking maggots see,  
don't even try to trip me,  
I rip a hole in your life.

When you think I'm on the top and reverse it to tell you all to fuck up.  
I will be destroyed.  
I refuse to be destroyed.  
When you think I'm on the top and reverse it to tell you all to fuck up.  
I will not be destroyed.  
I refuse to be destroyed.
