

# Hypocrisy, Let The Knife Do The Talking

Are you blind to see me?  
I think I know what you need  
I crucify you for your disbelief  
Buried lies that you kept  
I pull it out of your flesh  
And you will never sing again

I am god  
I am the only one  
You need me  
Put your trust in me

Let the knife do the talking  
I'm gonna set you free  
Let the knife do the talking  
I wanna see you bleed

I'll give you open-heart  
Give you pleasure  
And you will say no  
Just put your faith in me  
You seek salvation  
I am the one that you need  
I'll bring you your century

I am god  
I am the only one

Let the knife do the talking  
I'm gonna set you free  
Let the knife do the talking  
I wanna see you bleed

So, I'm on a mission to heal the world for good  
And some don't just stand in my way  
Don't get in my way!

Kill, kill, kill  
Let the knife do the talking  
Kill, kill, kill  
Let the knife do the talking  
Kill, kill, kill

Let the knife do the talking  
I'm gonna set you free  
Let the knife do the talking  
I wanna see you bleed

Let the knife do the talking  
Just believe in me  
Let the knife do the talking  
I wanna see you bleed
