

# Hypocrisy, Lies

Is this the end of time.  
And how come we are still killing ourselves?  
Going back and forth.  
??? Open new doors.  
Don't get too close you might disappear.  
Into oceans of lies.  
All those lies.  
All those lies, is what you get.  
All those lies  
All those lies, is what they feed into you.  
All those lies,  
All those lies, that will stop your quests.  
All those lies,  
It's a dead end.  
Don't get too close you will disappear  
They will bury your bones in the sand
