

# Hyrise, Leading Me On

I ain't so stupid to be some other jealous guy  
I would be crazy falling for another lie  
No use deceiving cos I know what you're thinking  
Baby what you need is someone to believe in  
And if I ever lose myself to you  
Like a million others want to do  
Someone wake me somebody just help me out  
She gonna take me show me what it's all about

[Chorus]

Why can't I see when you're coming on strong  
Cos you touch me it's easy I keep hangin' on  
How can it be when you're doing me wrong  
When you touch me it's easy you're leading me on  
Ohh / Ohh Ohh Ohh

Ohh Ohh Ohh

Ohh Ohh Ohh Ohh Ohh Ohh

You're so delicious every time you turn me on  
You're so malicious when you try to bring it on  
You're just an addict ain't gonna panic me  
And while I'm at it I'll tell you how it's gonna be  
And if I ever loose myself to you

Like a million others want to do  
Somebody wake me somebody just pull me out  
She gonna take me show me what it's all about

[Chorus]

Why can't I see when you're coming on strong  
Cos you touch me it's easy I keep hangin' on  
How can it be when you're doing me wrong  
When you touch me it's easy you're leading me on  
Ohh / Ohh Ohh Ohh

Ohh Ohh Ohh

Ohh Ohh Ohh Ohh Ohh Ohh

You're leading me on

You're leading me leading me on

Why can't I see when you're coming on strong  
Cos you touch me it's easy I keep hangin on  
How can it be when you're doing me wrong  
When you touch me it's easy you're leading me on

Ohh / Ohh Ohh Ohh
