

Hyunjun Hur, Baragi

Hangul :

All my friends tell me to wait
They all want me to remain
(They) think all my feeling are fake
They don't know I'm not okay

I just can't wait anymore
I can't see you fade to grey
I'm gonna hold you when I can
Gonna let you know that

You should tell me why because
I don't wanna feel like this
Oh you made me blind because
All I ever see is you
When I'm with you
(I) know that you the only one I ever wanted
If you feel like I'm the one for you then want me
I can give you all the world you deserve it

And I maybe, maybe I could be your best the best
Or maybe maybe be I can be your last

Call me liar
But I don't want to be this way
(I) thought everything would be okay
But nothing has been right since I fall for you
Oh I see you in my dreams
I hold your hands you touched my lips
I need you
I don't want you to put me in the friend zone
Because I can't hide my feeling that is already grown

You should tell me why because
I don't wanna feel like this
Oh you made me blind because
All I ever see is you
When I'm with you
(I) know that you the only one I ever wanted
If you feel like I'm the one for you then want me
I can give you all the world you deserve it

And I maybe, maybe I could be your best the best
Or maybe maybe be I can be your last
