

# I Am The Pilot, Killing For Closure

Testing One, Two  
Can you hear me?

The reason why you're here, is because your selfish in your own ways  
And now it's your turn, to feel what others have felt for years

You can't run, you can't hide.  
I'm calling all the shots  
You'll never see another victory and in this finest hour I'll be composing a beautiful world.

You can't run, you can't hide.  
Your consistency of breathing will never be the same again  
I'm killing what I can't take care of  
This is your final chance to go, to find your own way.  
I'm killing what I can't take care of  
This is your final chance to go, to find your own way.

I can see the air from every breath I take  
The fear in your eyes is keeping you awake  
My kaleidoscope of dreams has never been more fulfilling  
I can see the air from every breath I take  
(I can see the air from every breath I take)  
The fear in your eyes is keeping you awake  
My kaleidoscope of dreams has never been more fulfilling

Ten seconds there's no time to retrieve  
Forgive and forget all the answers to the questions that you cherish so valuably.

I'm killing what I can't take care of  
This is your final chance to go, to find your own way.

I'm killing what I can't take care of  
This is your final chance to tell you, they'll miss you when you're gone  
Let's test the truth in every phase that they know.

You can't run, you can't hide.  
Your consistency of breathing will never be the same again  
I'm killing what I can't take care of  
This is your final chance to go, to find your own way.  
I'm killing what I can't take care of  
This is your final chance to go, to find your own way.
