

# I Haunt Wizards, Gnomzxx

This loneliness I've been feeling  
It won't have a positive outlook on anyone  
How many novels am I in?  
Fading hope with potential?  
If only I should be so lucky  
But I'm not  
I'm never quite so wonderful, am I?  
Am I in need of having no need?  
London is the only way  
As she suffocates I'm hiding pills  
So wonderful am I  
I'm left with nothing, turning old leaves down  
Im only trying to work out what I'm not feeling  
I'm left with nothing, turning old leaves down  
Im only trying to work out what I'm not feeling  
Tape up the truth I don't want to hear it  
Keep it under his duvet  
Tape up the truth I don't want to hear it  
Keep it under his duvet  
I'm never quite so wonderful, am I?  
Im left with nothing, turning old leaves down  
I'm never quite so wonderful, am I?
