

I Haunt Wizards, Libido Lust

vomit up, vomit up
strap yourself in, do you feel that stomach lining?
cause you can't, you can't line it up
next it will be incest for you
next it will be ... oh
though you felt infection in her thighs
cut her til you get a gash
did you think you'd need a hand in glove?
stupid boy, driven by ID what would Daddy think?
all that for climax
incarnate the same genes it will choke on oxygen
all that for climax
because you can't vomit up your cocaine punctuated mistakes
incarnate the same genes it will choke on oxygen
all that for climax
