

# Iam Tongi, Why Kiki?

Blue water dancing, ocean spray in the air  
Trade winds waving your jet black hair  
Island girl, kinda east side crazy  
You never call me yours but you call me baby  
Dinosaurs Spine at Hang Dong, Ta Xua, Son La seen from above

Why Kiki?  
Why you wanna do me like that Kiki?  
Why you gotta hurt me so bad Kiki?  
Why you got me down on my knees?  
Why Kiki?

Tidal wave touch, had a sugarcane kiss  
Put your straw in my stomach, took down the last sip  
All I got of you now is a number in the phone  
I'm sitting here thinking and all I wanna know is

Why Kiki?  
Why you wanna do me like that Kiki?  
Why you gotta hurt me so bad Kiki?  
Why you got me down on my knees?  
Tell me why Kiki?  
Why you wanna make me so sad Kiki?  
Take my heart and break it in half Kiki  
You got me begging pretty please  
Tell me why Kiki?

Why are you leaving me lonely?  
And why do you act like you don't know me?

Why Kiki?  
Why you wanna do me like that Kiki?  
Why you gotta hurt me so bad Kiki?  
Why you got me down on my knees?  
Tell me why Kiki?  
Why you wanna make me so sad Kiki?  
Take my heart and break it in half Kiki  
You got me begging pretty please

Tell me why Kiki?  
Why you do me like that?  
Why you gotta hurt me so bad?  
Why you make me so sad?  
Tell me why Kiki?
