

# IAMX, Kiss And Swallow

Do you pay for your crimes  
Does the punishment fit or drag your style to zero  
You're nothing till the weekend.  
If you think that you're the thrill  
Take a look at your life, you kneel before your heroes  
You're nothing till the weekend.  
Could you care For the blind  
Tell me all In all they're just your kind of zeros  
something for the weekend  
If you think that you can spell  
Make a list of the cunts you'd send to hell and send them  
Send them on the Weekend  
Echo Echo, I know it's a sin to kiss & swallow,  
Echo Echo, a kick in the head to kill the hollow. [2x]  
Could you care for the blind  
Tell me all in all are they just your kind of zeros  
Something for the weekend  
If you think that you can spell  
Make a list of the cunts you'd send to hell and send them  
Send them on the Weekend  
Echo Echo, I know it's a sin to kiss & swallow,  
Echo Echo, a kick in your head to kill the hollow. [2x]  
Are you listening?  
No - In the narrowest sense  
Are you listening?  
I can hold you down by candlelight  
with indifference  
Let the comfort start  
I love you on your right side  
It happens  
Promises broken  
Reasons to let go  
It happens  
Are you listening?  
I know it's a sin but it's human  
Are you listening?  
I know it a sin but tell me it happens!  
I know it a sin but tell me it happens!  
Echo Echo Echo Echo  
Echo Echo Echo Echo  
Echo Echo, I know it's a sin to kiss & swallow,  
Echo Echo, a kick in your head to kill the hollow. [2x]
