

IAMX, Sailor

In our cell you ask me do i wanna be a sailor
In our cell you ask me do i wanna be a sailor
I think dirt
A suicide jump to run a self check
Oh my girl do you only like the younger or the braindead?
Three way, freeway, take me like a sailor
Three way, freeway, wanna be a sailor?
Oh quick step, boy girl love me like you love her
A knee jerk slow work, wanna be a sailor
In our cell you ask me do i wanna be a sailor
In our cell you ask me do i wanna be a sailor
A child like a lipstick fight before the nose dive,
My princess, do you only like the easy and the snow blind?
Three way, freeway, take me like a sailor
Three way, freeway, wanna be a sailor?
Oh quick step, boy girl love me like you love her
A knee jerk slow work, wanna be a sailor
Like a fever, i wanna be a sailor
Like a fever, i wanna be the sailor [2x]
Three way, freeway, take me like a sailor
Three way, freeway, wanna be a sailor?
Oh quick step, boy girl love me like you love her
A knee jerk slow work, wanna be a sailor
