

Ian Dury, Bit O' Kit

I want a three-piece suit in black worsted
With a three-button jacket and a {indecipherable} lapel
With a boxy back, French shoulder
And a zig-zag raised seam that you do so well
Eighteen inch bottom trousers with a two inch cuff
No taper, no flare, just parallel

Nine-hole air-wears, fisherman's warm {indecipherable}
Long-johns, chill-proof vest with the snugest fit
Second-hand Turnbull and {indecipherable}
And cotton shirt with no collar attached to it
Black Burberry trench-coat, white silk scarf
No {indecipherable}, that should complete my kit

And then I want to live in a conversation area
