

# Ian Hunter, I Ain't No Angel

(corky laing/ian hunter)

I told my baby girl  
That I live by all the rules  
She laughed and said to me  
Don't you take me for a fool  
Then she ran me down  
People saw me over town  
Then word got back to her  
That I was fooling round

I, I ain't no angel  
I, I ain't no angel  
So good, goodbye love  
Good, goodbye love

Now I'm living on my own  
Since my baby set me free  
Seems I hurt her pride  
And caused her misery  
She never understands  
To keep me satisfied  
I got to live this life  
The only way I can

I, I ain't no angel  
I, I ain't no angel  
So good, goodbye love  
I said good, goodbye love

All right then, come on

I, I ain't no angel  
I, I ain't no angel  
So good, goodbye love  
I said good, goodbye love

Now they say there is no doubt  
That the question in their minds  
That I'll be down and out  
And the days I'll never find  
But you'll never understand  
To keep me satisfied  
I got to live my life  
The only way I can

Singing, i, I ain't no angel  
I, I ain't no angel  
So good, goodbye love  
I said good, goodbye love
