

Ian Hunter, I Get So Excited

(Ian Hunter)

I hear a thousand drums a million miles away
I feel the Wembley rock I get a buzz off a big parade
I get the music
Everywhere
Get off on the music
If this is the end there I don't care
I get so excited
So excited
Call me a fan that's just what I am
I said I I I I I get
So excited
So excited
My nerves are alive
I feel like a knife
I said I get so excited

I hear a choir singing way up above the sea
I feel the sound a-changing as the night rocks a spell on me
I get the music
Everywhere
Get off on the music
If this is the end there I don't care I get
So excited
So excited
I'll throw you a line come far behind
I said I I I I I get
So excited
So excited
It's happening so fast
And the drummers a blast
I said I get so excited
By your mind oh yeah oh yeah
Excited by your warmth oh yeah oh yeah
Excited by your body oh yeah oh yeah
Excited by your...
Ha ha ha ha
Oh yeah oh yeah oh yeah right! I get
So excited
So excited
Band on the run just for the fun
I said I I I I I get
So excited
So excited
It lasts and it lasts
Get up off your past
I said I I I I I I I I I get
So excited
So excited
Call me a fan that's just what I am
I said I I I I I I I I I get
So excited
So excited
My nerves are alive
I feel like a knife
I said I I I I
I I I I
(fade)
Hey hey!
