

Ian Van Dahl, On My Own

I wonder where you are
I wonder where you go
I wonder where you are
I wonder where you go
I do really need you
I do really need you

I wonder where you are
I wonder where you go
I wonder where you are
I wonder where you go
I do really need you
I do really need you

I wonder where you are
I wonder where you go
I do really need you
I cannot make it on my own

I wonder where you are
I wonder what you do
I do really need you
I cannot make it on my own

I wonder where you are
I wonder where you go
I do really need you
I cannot make it on my own

I wonder where you are
I wonder what you do
I do really need you
I cannot make it on my own

I wonder where you are
I wonder where you go
I do really need you
I cannot make it on my own

I wonder where you are
I wonder what you do
I do really need you
I cannot make it on my own
