

# Ibrahim Tatlisises, Join Me

we are so young  
our lives have just begun  
but already we are considering escape from this world  
and we've waited for so long for this moment to come  
we so anxious to be together  
together in death  
wont you die tonight for love  
baby join me in death  
this world is a cruel place  
we're here only to lose  
before life tear us apart let  
death bless me with you

this life aint worth living
