The best rapper in the world ain't a european

And will the hustle ever stop? Nigga, No way

[W.C.:]

Gang related and leavin 'em leakin like stds
C-Walkin out of the sc, Lettin the tech breathe
Till I rest in peace, Dub gon rep these streets

[K Mac:]

No love, Hit 'em up with the dub wherever we go
My game so cold, The hoes call me sub zero
Oh, You know that nigga pimpin ken? That's my hero

[Chorus 2x]

[Ice Cube:]

It's catastrophic when I stop it
Atomic, Demonic, And off that chronic
It's Ironic, How I flip them phonics
So fucked up, The product of reaganomics

[Mack 10:]

Shit, I heard the price of yo done went up
My gun buddy had a drop, So the pistola went up
The heater hot, Nigga burn ya skin up
The fo fifth hold a dime, And I shoot all ten up

[W.C.:]

I'm about guns, Fuck roses, I breeze over parole
Some man captured some folks, The locstas never fold
Bacon soda aromas, Niggaz swingin chrome motors
Dickey bombin folks and shootin out of stolen automotives

[K Mac]

I got diamonds on my fingers and watch on arms
Stay out a nigga way and you won't be harmed
If I catch a bitch, I'll see for sure she'll be charmed
When I'm rollin through the hood, A nigga heavily armed

[Chorus 2x]

[Ice Cube:]

Shit, My life is like a rap show
I'm out the back door, Beyatch, So beware of the strap, Bro
Cause that's how my blast go
Ice cube is an asshole just like castro

[Mack 10:]
Nigga, I spit Flames, Leave permanent scars
Connect gang bang and we g's about ours
And ain't shit changed, Still stripes and stars
And I'm done already, Ain't got but 4 bars

[W.C.:]
Holdin it down down down stoned down bustin rounds
Dub, Ghetto rich nigga since bow down
Squad down, Sendin flicks to my niggaz locked down
Doin dolas in streets wit my ragtop down

[K Mac:]
Yo, Write a book bout a nigga like me
I got loot like an athlete just signed wit nike
You lose ya life if ya ever get sheisty
Could mac ever run out of snaps? Not likely

[Chorus 2x]
