Everything that a chicken need (bahk bahk)  
Tryin' to pot I get real as Chris Rock

It's Ice Cube comin' straight from the gutter  
Westcoast Don, you fags undastata

[Verse Two Jay-O-Felony]

There is sa-lethal in the gas chamber  
I'm full of anger, nigga the west is in the house  
But you still in for some danger  
And when i'm thru, I take your bitch and finger bang her  
But if she looks tossed up, i'll slang her  
Beat you like mama dearest with a clothes hanger  
'cause the gang a niggas be tryin' to spit  
But you can't spit it like this  
I come equiped to rip, any battle  
And leave him strung in his crew  
but they put me in the twist like Trump  
I can collapse or puncture, the lungs of anyone  
Give him a chance to spit his last word, unerve  
then he done  
20/20 ain't good enough  
Rappers they ain't seein' me, this Jay-O Felony  
And nobody can stand three of me  
Caution keep MC's out of my reach, i'm on a mission  
And be gettin' to your f\*\*kin' hide to be called a physician  
Immediately, I puts it down at a show (Jay-O)  
But loked to choke the shit out a fool, nigga dat's on doo low

[Bridge Ice Cube]

[Verse Three Ice Cube]

I'm sick of these rap niggas lyin' 'bout they rich (what?)  
Lyin' 'bout they bitch (what?)  
Lyin' 'bout they dick (what?)  
I'm sick of these rap niggas lyin' 'bout they hits (huh?)  
Lyin' 'bout they whips (huh?)

Lyin' 'bout they six (yeah)  
I'm sick of these rap niggas lyin' 'bout they clothes (brrrmmph!)  
Lyin' 'bout they hoes (uhh)  
Lyin' 'bout they rows (uhh)  
I'm sick of these rap niggas lyin' 'bout they house (punk!)  
Lyin' about they clout (yeah)  
Lyin' up in they mouth (yeah yeah)  
It's the Mah-hurage-ny, my niggas; kamekaze  
Illuminaughty, bitch hoes in they body  
We the riders, we push like mahz-er-aties  
Do karatees, on hatters, and you hotties  
F\*\*k the party, come on, my niggas focus  
We the richest, pretend that we the brokest  
Niggas notice, as soon as you're checking quotas  
We the coldest, so go and tell the rollers (biotch!)

[Verse Four Gangsta]

Who dat? next out the game, in blue kahks  
Gangsta's the name, niggas wonderin' how I do that  
By the thug way, package and transportin' the drug way  
Only means of makin' a livin', the Crip and Blood way  
I'm on grates when i'm grindin'  
I'm on stakes when i'm dinnin'  
And on sunday's on the wine  
Is you can't calm the savage beast (never)  
And I can make your birds rise like geese, K-Mac tell 'em  
You sell 'em, I swell 'em, loke (sell 'em loke)  
Hard or soft determines how much a nigga sell 'em for  
We got the fish scale texture (fish scale)  
Now if you cook it yourself you get extras  
Dub that shit to death with this dub thang  
Only a few niggas left with this love mang  
So we cop together (yeah), put it in the beeker  
Rock together (uhh), claim blocks together  
And f\*\*k cock together, nigga (brrrph!)

[Ice Cube Chorus X2]

Niggas want that gutter shit  
F\*\*k that other shit, that play it for your mother shit  
Ain't the rugged shit

[Squeek Rule]

[Verse Five Squeek Rule]

Look in my eyes  
I see the dollar sign dogg, and my dick start to rise  
Got to handle money, got to stack the money (tell 'em)  
Buzzin' like a bee 'cause I crave for the honey  
Million dollar tickets make bitches look wicked  
So you innocent hoes, ain't got to like ta kick it  
I know you knows (uhh), 'cause now my decimals (yep)  
Done fiend for the green, keep you itchin' in your panty hose  
Your eyes full of gleem (brrrmmph!)  
You wanna get on my team, and live my dream  
Captain of the ship is what i'm boastin'  
Hit the three wheel motion, i'm the shit when i'm coastin' (uh huh)  
Down the boulevard, flossin' hard  
Lights hit the chrome, don't go lick 'em like a movie star  
Money makes me a savage (what it do?)  
Shit, I brake down the world for the cabbage (Squeek Rule)

[Bridge Ice Cube]

Keep it gansta y'all, keep it gangsta  
Keep it gansta y'all, keep it gangsta  
Keep it gansta y'all, keep it gangsta (all my life)

Keep it gansta y'all, keep it gangsta (all my life)
