[VERSE 1]

The streets crawl with ill niggas on the block Goin hand in hand Leanin in and out of sedans Pumpin crack dreams to crack fiends for a fee Their dream is to re-up to a ki Cops watch the influx of dope Through a telescope Snitches in the game Give the young g's names Bitches on the jock Of the hustlers on the block Jump from gee to gee Similar to a flea Suck the blood out, or in this case the dough Roll with the blow till considered a hoe Babies are born and pawned off to grandmama The bitch ain't done, she still lives for the drama Lookin for another baller To hit and never call her All in vain Life in the Lane A new crew of hookers on the track from up north Vice cops, they watch em stroll back and forth They take a pay-off Or a blow job just to lay off The Lane's no joke Yo, you players stay broke A ghetto garage makes a nice laboratory PCP and crystal meth, wars of glory End of story, gotta watch my back myself Or else they'll find my body layin on a coroner shelf It's the Lane

[VERSE 2]

Gees take the game on the road to Minnesota
Supermarket's all sold out on baking soda
Gangbangers start to understand the dope game fast
Kidnap the drug dealers for the ransom cash
Gotta represent, what you say you are, that's a star
Feds got a homing device on your car
That made you easy to follow to Denver, Colorado
Birds you had, 12 now you got a l
Crack babies born in the hospitals cryin
Drive-by shootings can't end, kids are dyin
The cream is the ultimate goal
Gots to roll

Till my cash flow's mega
Baller not a beggar
Bitches workin plastic with the fake ID's
Life in the Lane, stackin up g's
Chop shops taggin up Benzes and Beamers
Crack spots boilin full kilos in beakers
Damn, the game's quicker than shit, don't slip
Cause bet your life there'll be another hustler checkin yo grip
It's the Lane

[CHORUS]
