

Iced Earth, I Walk Alone

I am your inner fear,
your kind refuse to hear.
I am the light, I am the way,
but the fallacies of men
are easy to embrace.

And I am purest form.
I always weather every storm.
And though you fail to see,
the truth is the path that leads to me.

--chorus--
Mankind's dishonesty lays them to waste.
(I will divide.)
I am the truth,
and I walk alone.

True men, hypocrisy exacting their fate.
(I will devour.)
I am the truth,
and I walk alone.
--/chorus--

The flaws in your design,
are breeding fear inside your mind.
And lies lead to to disgrace:
a failure to inform, the failed true man.
