

# Iced Earth, I Walk Alone

I am your inner fear,  
your kind refuse to hear.  
I am the light, I am the way,  
but the fallacies of men  
are easy to embrace.

And I am purest form.  
I always weather every storm.  
And though you fail to see,  
the truth is the path that leads to me.

--chorus--  
Mankind's dishonesty lays them to waste.  
(I will divide.)  
I am the truth,  
and I walk alone.

True men, hypocrisy exacting their fate.  
(I will devour.)  
I am the truth,  
and I walk alone.  
--/chorus--

The flaws in your design,  
are breeding fear inside your mind.  
And lies lead to to disgrace:  
a failure to inform, the failed true man.
