Icehouse, Into The Wild

The rest you need for just one kiss How could you know? You'd pay the price You try in love, just once or twice, no last regrets, no sacrifice

Hey, hey, hey, hey, hey,..(Ooh) Did you follow me? (Ooh) Just walk into the fire (hey) Into the wild

Well, there she goes, that friend of mine If I could read between the lines...My one last chance, I let her go So when you talk, don't talk of love, ooh ooh

Hey, hey, hey, hey, hey, hey...(Ooh) Did you follow me? (Ooh) Just walk into the fire (hey) Into the wild

In the name of love (love), that sweet refrain That tells me you're no stranger to the sound Of the siren's call that takes you down Down to the deep again and again, mmm

Hey, hey, hey, hey, hey, hey...(Ooh) Did you follow me? (Ooh) Just walk into the fire (hey) Into the wild...Ooh ooh
