

Icon Of Coil, We Need

We're flying
Above the water
Behold this broken wings
We need

We're swimming
Beneath the surface
Behold these fragile lungs
We need

We're walking
Right through the weather
Beware this damaged skin
We need

We're crawling
Right by the mountains
Beware their rocks are turning away
We need

Above the water
We're flying
We need these broken wings
Behold

Beneath the surface
We're swimming
We need these fragile lungs
Behold

We need

Right through the weather
We're walking
We need this damaged skin
Beware

Right by the mountains
We're crawling
The rocks are turning away now
Beware

We need

We're crawling
We're walking
We're swimming
We're flying
We rot through this world that we live in and die in
We're crawling
We're walking
We're swimming
We're flying
