

# Icon Of Coil, We Need (Water Remix)

We're flying  
Above the water  
Behold this broken wings  
We need

We're swimming  
Beneath the surface  
Behold these fragile lungs  
We need

We're walking  
Right through the weather  
Beware this damaged skin  
We need

We're crawling  
Right by the mountains  
Beware their rocks are turning away  
We need

Above the water  
We're flying  
We need these broken wings  
Behold

Beneath the surface  
We're swimming  
We need these fragile lungs  
Behold

We need

Right through the weather  
We're walking  
We need this damaged skin  
Beware

Right by the mountains  
We're crawling  
The rocks are turning away now  
Beware

We need

We're crawling  
We're walking  
We're swimming  
We're flying  
We rot through this world that we live in and die in  
We're crawling  
We're walking  
We're swimming  
We're flying
