

Icona Pop, They're Building Walls Around Us

Sorry baby sadly
I gave up I know
I was out of option
with nowhere left to go
I was much too young by then
baby, just a kid
It just seems so stay that way no matter what I did

Oh let's say it
They're building walls around us now
/2x

now it seems by folded
I just tag along
when I found you what I did wrong
baby, you were gone
I smile and shake my head ay this
what else I can I do
I keep on getting signs baby
I'll lead them back to you

Oh let's say it
They're building walls around us now
