

Ida Jenshus, Can I Stay

Can I stay a little longer tonight
Lay by your side and wait
'Til the morning comes along
I'll do you no harm
I'll be gone when you wake up
I'll be sweet
And the first to leave
If you tell me this is wrong

Can I stay with you
Through the night time
Can I hold you close to me
Can I stay with you
'Til the day breaks
And hear you whisper gently
Is this love
Hear you whisper gently
Is this love

We are five days apart
Until our beating hearts
Can make their sound
Ain't it wonderful
When the weekend comes around
You're living on the road
Keeping everyone in mind
And I know you care
Still I've never heard you saying
This is wrong
