

Ida Maria, Morning Light

What's easy in the night
Is always such a bite in the morning light
Ha ha ha ha ha
What's easy in the night
It is always such a bite in the morning light
Ha ha ha ha ha

And you've got a liquor stain
On your uniform
I know where you're from
Ha ha ha ha ha

And you know what I've got
Such a heavy heart
You can't carry it
No no no no no

What's easy in the night
Is always such a bite in the morning light
Ha ha ha ha ha

And you know what I've got
Such a mixed up mind
You can't sort me out
No no no no no
And you've got a polished mask
Yeah, it looks like shit
Can't get rid of it
No no no no no
