

# Ida, Maybe I Like It

Maybe i'm lost, like a prisoner of what is written  
Follow their plan, like you only have the courage you've given  
I wanna go to a place where I can't hear what they say, what they say

Maybe i'm lost, but found a way to seize the day  
Maybe i'm wrong, but right cause I don't play it safe  
Maybe I like it, maybe I like it, maybe I like it, i like it

They say life is short, so I can't waste another day  
I'm not gonna throw it away  
I'm not gonna throw it away  
and i'm not lost without the future known  
I'm not afraid  
I'm not gonna throw it away  
I'm not gonna throw it away  
I'ma live it till it's over

Didn't you know, that everyday is full of sickin chances  
Taking it slow when you talk and stare  
No, I don't really care, I don't care

Maybe i'm lost, but found a way to seize the day  
Maybe i'm wrong, but right cause I don't play it safe  
Maybe I like it, maybe I like it, maybe I like it, i like it

They say life is short, so I can't waste another day  
I'm not gonna throw it away  
I'm not gonna throw it away  
and i'm not lost without the future known  
I'm not afraid  
I'm not gonna throw it away  
I'm not gonna throw it away  
I'ma live it till it's over

I can do what I want, cause my days aren't over  
I'ma ride on the highway of life till it's over  
I'ma live it till it's over

Maybe I like it, maybe I like it, maybe I like it, I like it, I  
They say life is short, so I can't waste another day  
I'm not gonna throw it away  
I'm not gonna throw it away  
I'ma live it till it's over

I can do what I want, cause my days aren't over  
I'ma ride on the highway of life till it's over

They say life is short, so I can't waste another day  
I'm not gonna throw it away
