

# Ida, Sea Of Love

I know where I will find you  
In the ocean deep and blue  
We know every dream is true

I know everytime you leave  
The picture of you... my mind  
I feel I'm drowning in your heart

There a privasea oh no  
To find the sea of love  
There a privasea oh no  
To find the sea of love

You know I'm waiting for you now

You are somewhere in my lands  
And you can find me deep and wait  
Find me deeper in your heart

You are deep inside of me  
Together we'll... sea  
And I belong to you  
To you
