

# IDLES, 1049 GOTHO

My friend is so depressed  
He wishes he was dead  
I swam inside his head  
And this is what he said

Help me. Help me  
Won't someone help me sleep  
There's no right side of the bed  
With a body like mine and a mind like mine

My friend is so depressed  
She wanted to have sex  
I pissed in the kitchen sink  
As she slowly undressed

I guess this is as far as we go

My friend is so depressed  
He wishes he was dead  
I swam inside his head  
And this is what he said

Help me. Help me  
Won't someone set me free  
There's no right side of the bed  
With a body like mine and a mind like mine

My friend is so depressed  
She wanted to have sex  
I pissed in the kitchen sink  
As she slowly undressed

I guess this is as far as we go  
yeh

My friend is so depressed
