

# Ifi Ude, DAY

In your life time you had never stand against it but, but, but, now  
Sometimes you've got all those moments when you fade away but simply say: I'm gonna be fine

I don't wanna lie, I can sleep all day

But even when I'm high, I can choose my way.

As far as I care I do my best

I will never know if I don't gonna try, try, try, try

I'm not gonna wait for falling star, I'm doing my best

I will never know if I don't gonna try, try, try, try

I'm not gonna wait for falling star, I'm going my way

Day, I'm taking care of little things like you and me

It keeps me far from darkness of sadness

Came and walk with me through endless fields of dreaming

We will fly away, walking on sun, they never find us

I will never know if I don't gonna try, try, try, try

I'm not gonna wait for falling star, I'm doing my best

I will never know if I don't gonna try, try, try, try

I'm not gonna wait for falling star, I'm going my way
