

Iggy Azalea, We In This Bitch

Now we in this bitch
A minute get borin' with no me in this bitch
Now we in this bitch
What's a world without no I-G-G in this bitch

Unpolished product of my environment
Tryin' to get the same type love and respect as the peers I be rhyming with
But everything is so one-sided, divided and bias
That I couldn't get a fair judge penalty, not in the size
A lot of this, I had to ride a hit to get this type of chip
Riding dick won't get me nowhere, I'm not that type of chick
It's so un-lady like, 'specially knowin' they be like
"Iggy this and Iggy that", as long as you say it, say it right
