

Iggy Pop, Hassels

Pop

In the morning I got hassels
In the evening I got hassels
I'm in the sun as my cigarette burns
Always there's a hassel
Nothing, nothing but hassels
Wasting my time

'cause I've liquor and dime
Why you are hasseling me?

In the morning I got hassels
In the evening I got hassels
I'm so alone, on my own, with no fun
Hassels
