

Iggy Pop, I'm Sick Of You

Goodbye Betsy im goin' away
I'm sick of you and there aint no way
Dont want to know, dont want to see
Dont you ever bother me
Sick of hanging around your pad
Sick of your Mom and sick of your Dad
Yeah and Betsy,
its sad but true,
now im even sick of you.
No way, no way, no way
No way, no way, no way
No way, for our love
No way for our love
Cuz im sick of You.
Good bye Betsy im going away.
Sick of you and i dont wanna stay
Dont want to know, dont want to see
Dont you ever bother me
Sick of hanging around your pad
Sick of your mom and sick of your Dad
Yes and Betsy its sad but true
Now im even sick of you.
No way, no way, no way
No way, no way, no way
No way, for our love,
No way for our love
Cuz im sick of you
Every evening and every day,
Seem to always turn out this way,
To get an end
I better find new love,
then you'll pay,
then youll pay,
aint no way.
Cuz im sick of you.
Goodbye Betsy im going away,
Sick of you and i dont wanna stay
Dont want to know , dont want to see
dont you ever, bother me
