

# Iggy Pop, Little Know It All

I'm the kid that no one knows,  
I live a life I never chose.  
But these thoughts in my mind,  
Are my own, my own.

I'm face to face with the unknown,  
My scary movie will be shown.  
I've got one evil mind,  
Of my own, of my own.

We take from one another,  
We never stop to wonder,  
How it feels from the other side.  
But nothing lasts forever,  
When stupid turns to clever,  
Why are you surprised?  
Little know it all (little know it all),  
Ten bucks in my hand.  
Little know it all (little know it all),  
Don't cry, I understand.  
So!

I'm a target of the smart,  
They got ambition, I got heart.  
I'm analyzed and tagged,  
Before I start.

So tell me who can I respect?  
I feel the leash around my neck.  
As I find out there's shame,  
In the game (in the game).

We take from one another,  
And never stop to wonder,  
How it feels from the other side.  
But nothing lasts forever,  
When stupid turns to clever,  
Why are you surprised?

And I feel like I've crawled outside the box.  
And I feel like I'm sleeping when I'm not.

We take from one another,  
And never stop to wonder,  
How it feels from the other side.  
But nothing lasts forever,  
When stupid turns to clever,  
Why are you surprised?  
Little know it all (little know it all),  
Ten bucks in my hand.  
Little know it all (little know it all),  
Don't cry, I understand.  
You little know it all (little know it all),  
Ten bucks in my hand.  
Little know it all (little know it all),  
Don't cry I understand.  
You'll never know it all.
