

Iggy Pop, Lowdown

I don't want to throw away my time
Playing games I don't respect or like
I can't give away my sovereignty
To existence with no song of me

And the hole in my heart
I'm lowdown
There's a hole in my heart
I'm low
There's a hole in my heart
I'm lowdown
There's a hole in my heart
I'm low

I built myself a beautiful brick wall
Gets a little higher every day
Ignorance inhabits me
Cause I've already chased my love away

And the hole in my heart
I'm lowdown
There's a hole in my heart
I'm low
There's a hole in my heart
I'm lowdown
There's a hole in my heart
I'm low

Take that happy banner off the wall
I don't need to see no smiling face
All I really want's a cup of tea
To feel a warmth inside of me

And the hole in my heart
I'm lowdown
There's a hole in my heart
I'm low
There's a hole in my heart
I'm lowdown
There's a hole in my heart
I'm low

There's a hole in my heart
I'm lowdown
There's a hole in my heart
I'm low
There's a hole in my heart
I'm lowdown
There's a hole in my heart
I'm low
