Iggy Pop, Tell Me A Story

Tell me a story

What must I do to take a holiday show me a bill that they can make me pay tell me a story and maybe I'll believe it

Me I'm just a lucky guy Young and free too hard to cry

Lorna from my school she's 21 She's good looking and a married girl so tell me a story tell me stories and man I ain't complaining

Me I'm just a lucky guy Young and hard too tough to cry

Standing in a show the lights ain't low they're shining down on me and I like, I like it just like I like I like it I'm taking like I find it

What did they do to chill the joy away what did they do to say you had to pay and pay and pay
Tell me stories you know I never can believe them never ever

Me I'm just a lucky guy I'm young and free too dumb to cry

What must I do to take a holiday show me a bill that they can make me pay tell me a story and maybe I'll believe it

Me I'm just a lucky guy I'm Young and free too hard to cry
