

# Iggy Pop, Turn Blue

See a black Eldorado  
Oh, rolling along down below my window  
That black girl in the back looks pretty good  
Christ! She's beautiful  
You know how soft she is  
Just what you feel like

Oh, I'm so far away from her  
Jesus this is Iggy  
You, you might as well come with me,  
When you ride the ride  
There's talk and I don't wanna talk

Oh mamma, I shot myself down (x4)

They're stepping on our hearts  
Stepping on our hearts  
I don't know why they're stepping on our hearts  
Damn, I don't know why  
Stepping on our hearts (x5)  
Can't you see, oh no, Stepping on our hearts

How come the blacks, how come they copy you so good?  
They get off on you, so sexually  
If you wanna make it  
Young man you gotta make somebody come  
Come out of your black (x2) and strong  
Black! Strong! Black!

Jesus it's cold in this room, it's really cold  
You know I never told you about this, but there's one guy  
Somebody I really love, he's never around  
Well he was taking things that could be alright, that could be nice  
And make him ugly, so damn ugly  
And we put out the lights on them  
Yeah, we'd make it dark, we put out the lights....on them  
It's idiots like you that screw me up  
I know there's nothing to you  
And I don't know why I treat you so kind  
Come down and dance with me, dance with me  
You got nobody left but me  
Oh accept me, don't reject me, don't forget me  
Mamma, what colour will the lights be? Will they turn blue on me? (x2)  
Mamma, I shot myself up, woh mamma, I shot myself up, up, up, mamma  
Up down, up down mamma  
Oh oh oh oh oh mamma  
I didn't know what I was doing, I didn't mean to, but I did it, I shot myself up  
Mamma I shot myself!
