

Il Divo, Somewhere In My Past

I met you just tonight
but i keep wonderin why
it seem's i've always known you all my life
I've held you only once
but i keep wonderin why
it seem's i've held you forever

<chorus>
Can it be true
Could i be wrong
that somewhere in my past
i fell in love with you

can it be true
could i be wrong
that somewhere in my past
there was also me and you

i kissed you only once
but i keep wonderin why
it seem's i've kissed your lips so many times
i know your only now
but i keep wonderin why
it seem's i've known you forever

<repeat 2x>

oh yeah
ah-ha

I love you only now
but I keep wonderin why
it seems i've loved you forever

somewhere...
there was you and i...
somewhere...
