

III Nino, Kellogs, Bombs & Cracker Jacks

Swine
Shut up and eat your rice
Y dime lla por que, por que, por que
Were turning into rats again
Fries
Shut up and your fries
Y dime lla por que, por que, por que
Tu comes tanta caca
Just like mice
Open your fucking eyes
Y pasame la sal
So I could swallow all the fucking lies

Run from nothing
Come for me
Cover me up
Stand for something
Follow me
Never give up
This is all or nothing
Come for me
Cover me up
Get up and stand for something
Never say you'll give the fuck up

Fatal
La cosa esta fatal
Explicame por que, por que
The only fucking thing we do is watch T.V.
Regalos para mi
It's so cool
You buy the Kellogg's and the bomb is free

Run from nothing
Come for me
Cover me up
Stand for something
Follow me
Never give up
This is all or nothing
Come for me
Cover me up
Get up and stand for something
Never say you'll give the fuck up

Suffocate
Kill your mate
Love your state
Live your fate
Deviate
Make mistakes
Eat your steak
And shut your mouth instead
Separate
To liberate
It's not too late
And it's our fate
To let them get
Our conscience state
Never mind
And fuck it all instead

Suffocate
Kill your mate

Love your state
Live your fate
Deviate
Make mistakes
Eat your steak
And shut your mouth instead

It's all chocolate covered rain

Run from nothing
Come for me
Cover me up
Stand for something
Follow me
Never give up
This is all or nothing
Come for me
Cover me up
Get up and stand for something
Never say you'll give the fuck up
Never say you'll give the fuck up
(...)
Never say you'll give the fuck up
(...)
Never say you'll give the fuck up
Never say you'll give the fuck up
