

IllScarlett, Crazy

Crazy, oh oh, all my friends say I may be, oh oh
And I say that baby, baby, this might be for real
Sa-sa-sa-save me, oh oh, I don't think that it's maybe oh oh,
When I say that baby, baby, this might be for real, GO
May be I could understand if you said you found some body else,
I find it hard to understand, sayin that your leavin' cause of yourself,
Ahhh ha ha,
Time will heal all wounds, and I think that this could all be over soon,
But I think that this is all a test, this is all a test, GO
Maybe i could understand if you said you found some body else,
I find it hard to understand, sayin that your leavin' cause of yourself
