

# Ima Robot, Good Girl

It's that time again, I'm gone  
Don't be sad, I'll be thinkin' of you

Good girl, yeah, so far away from you  
All the time, I think of you  
Good girl, oh, I know you're lonely, too  
You're on my mind, I love you

Don't be surprised, I'm not tellin' lies (mm, mm)  
You might have known  
No alibi could ever deny (mm, mm)  
What time has shown

Do you get lonely?  
Ooh, I get so lonely  
I wanna dance all night, yeah  
You know it's only lovin', don't go crazy  
I'm thinkin' of you tonight

I say, good girl, so far away from you  
All the time, I think of you  
Good girl, oh, I know you're lonely, too  
You're on my mind, I love you

You know time, keeps us a-changin' (mm, mm)  
For miles apart  
But don't cry, just hope we aren't strangers (mm, mm)  
When I come home

Do you get lonely?  
Ooh, I get so lonely  
I wanna dance all night, yeah  
You know it's only lovin', don't go crazy  
I'm thinkin' of you tonight

I say, good girl, so far away from you  
All the time, I think of you  
Good girl, oh, I know you're lonely, too  
You're on my mind, I love you

Now while I'm gone you do your thing (thing)  
I do not want you to cling (cling)  
Do you know what tomorrows brings? (brings)  
Me neither, now come on, sing!

I love you  
That's true  
I love you  
Oh, that's true

I'm comin' home

Good girl, yeah, so far away from you  
All the time, I think of you  
Good girl, oh, I know you're lonely, too  
You're on my mind, I love you

Mwah.
