Imagine Dragons, Pistol Whip

I can see clearly, I can see clearly [x3] What you mean

Oh my dear it's a pistol whip to my, Broken heart and the stars are spinning, So I pick one up and put it on my shoulder, Look look

You're a world class case I'll punch my stomach, All the people sing, they're rolling over, With my hand on my shoulder, oh with a star like I told ya, Pace pace

Pistol whip, I'm bleeding a bit, But I'll pop your bubble, lets talk it over. Count your loss, but being a killer, Stars on my shoulder, holding you over Oh ooohhhh

I can see clearly, I can see clearly [x3] What you mean

Shadow [?] and breathing heavy, I fall four flights up, halfway steady, With my hand on my shoulder, oh with a star like I told ya, Look look

Imma take ten steps and close my eyes, Turn around and draw to my surprise, I clutch my heart and scream YEEHAAW! Pace pace pace

Pistol whip, I'm bleeding a bit, But I'll pop your bubble, lets talk it over. Count your loss, but being a killer, Stars on my shoulder, holding you over Oh ooohhhh

I don't want to hear the words leave your lips,
Love's lyrics leave your missing life.
Tell yourself and look through the crosshair,
Tie that blindfold tight.
I don't want to leave the puzzle, I'm done I got (a lot)
I got a lot to, a lot hear.
I don't want to leave the puzzle, I'm done I got (a lot)
I got a lot to, a lot to hear.
I don't want to hear you say you believe when you don't!

Pistol whip, I'm bleeding a bit, But I'll pop your bubble, lets talk it over. Count your loss, but being a killer, Stars on my shoulder, holding you over Oh ooohhhh

Pistol whip, I'm bleeding a bit, But I'll pop your bubble, lets talk it over. Count your loss, but being a killer, Stars on my shoulder, holding you over Oh ooohhhh
