

# Imagine Dragons, Wake Up

Wheels up, when I'm off the ground  
I'm nowhere but I'm all around  
I'm spinnin', watch me now  
I'm spinnin', spinnin'  
Big man when a wall's between us  
Big man gonna break to pieces  
Spinnin', can't believe it  
Spinnin', spinnin'

Uh, turn around, turn it up, talk a bit, zip it up, lock you in, and close it up

Everybody's coming for you, wake up  
Everybody's coming, wake up  
Bodies dropping everywhere, I'm waist up  
Everybody's coming, wake up

Some days I'm a chameleon  
Switch it up when I crawl the ceilin'  
Flip it upside down I'm wheelin'  
Dealin'

Every single one of you is coming to my mind  
Bring them all together  
Can you stack them in a line?  
Jealousy is gonna be your failure  
Not mine  
Winnin'

Uh, turn around, turn it up, talk a bit, zip it up, lock you in, and close it up

Everybody's coming for you, wake up  
Everybody's coming, wake up  
Bodies dropping everywhere, I'm waist up  
Everybody's coming, wake up  
Everybody's coming, wake up

Got a case of the take or leave it  
Give an inch and I'm bound to seize it  
Take a chainsaw out and feed it  
Come alive when you don't believe it  
Write me off and I'd love to read it  
Spit your words and I'll watch you eat it  
Diggin'

Everybody's coming for you, wake up  
Everybody's coming, wake up  
Bodies dropping everywhere, I'm waist up  
Everybody's coming, wake up  
Everybody's coming, wake up

What are you to do  
When they come for you  
Winners hate to lose
