

# Imagine Dragons, Younger

Seems there's something in the air today  
It's got me feeling, oh, a certain way  
Seems like lately, I've been on the run  
It's got me reeling every night I'm done

Keep thinking, what am I supposed to do?  
My body's not working like it used to  
And these bills keep piling up on me  
Remember when I had no responsibilities

So take me back when I was younger  
And I was still hungry  
Take me back when I was younger  
Yeah, I got the world at my feet  
Just try and stop me (Just try and stop me)  
Yeah, take me back when I was younger

Watching all my friends pass away  
When they promised me that they would be here today  
I wish that I could put a force field  
Around every single one of us  
I would protect you from everything  
(I'd put a force field) All around us  
And ground us forever and ever

I keep on walking down the same streets (Same streets)  
I keep on acting like I never left (Like I never left)  
I keep on walking down the same streets (Same streets)  
And I'll never leave

So take me back when I was younger  
And I was still hungry  
Take me back when I was younger  
Yeah, I got the world at my feet  
Just try and stop me (Just try and stop me)  
Yeah, take me back when I was younger

I don't want to be forever  
But I don't want to grow older  
Oh, take me back when I was younger  
When I was still hungry  
When I still had it in me  
Take me

(Just try and stop me) So take me back when I was younger  
(I keep on walking down the same streets) And I was still hungry  
(I keep on acting like I never left) Take me back when I was younger  
(I keep on walking down the same streets) Yeah, I got the world at my feet  
Just try and stop me (And I'll never leave)  
Take me back when I was younger
