

Imani Coppola, Cool Beats With my Feet

Cool Beats With my Feet

A good drummer hard to find but I don't pay it no mind

DJ beats are gettin' old and your records growin' mold

any season any time I can kick and flow a rhyme

I don't need no drum machine cause I am a dancin' queen

Cool beats with my feet

drums are for bums

say heck no to techno

cool beats with my feet

I don't got a band but I can jam with my hands

I don't need a guitar to be a rock star

all I need is si-a-lence so I can play my violin

and a laugh track to carry in my back pack

so there's a bunch of people laughing when my jokes whack

Repeat chorus

My living rooms big but I still pack my gigs

I got a fan club I keep away from the tub

I gotta amp it goes bamp bamp
