

# Imani Coppola, Hope for the Future

Hope for the Future

Why be normal when you can be weird  
Why show your face when you can rock a bead  
Why fly a plane when you can fly a jet  
Why have a man when you can have a pet  
Why smoke when you can breathe deep  
Why be awake when you can go to sleep  
Why take pull when you can take a hit  
Why get high when you can get lit  
Why be straight when you can be gay  
Why say hello when you can say hey  
Yo why not dance instead of sitting down  
Why not smile instead of makin' a frown  
Why be blue when you can be green  
Why be nice when you can be mean  
Why smoke crack when you can smoke dope  
Why have doubt when you can have hope  
There's hope for the future inside everyone  
Hey Yeah

Hope for the future inside everyone  
Yo why take a trip when you can stay home  
Why use a brush when you can use a comb  
Why be blonde when you can be red  
Why let the media get to your head  
Why read the post when you can read the times  
Why eat lemons when you can eat limes  
Why take a break when you can go all night  
Why make peace when you can have a fight  
Why like girls when you can like guys  
Why eat cake when you can eat pies  
Why like ball when you can like bill  
Why take a hike when you can take a pill  
Why complain when you can just cope  
Why have doubt when you can have hope  
Hope for the future inside everyone  
Hey

Hope for the future inside everyone  
Hey Hope Hey Hope  
Hope for the future inside everyone  
Hey  
Hope for the future inside everyone
