Rebound

I'm gonna wash his scent right out of my skin

I'm gonna drown his words right out of my head

Take me to a safety zone where I can't do myself no harm

Take me to a safety zone where I can't do myself no harm

Can you take me there?

I ain't goin' nowhere

I ain't got no plans

I ain't got no man

I'm gonna take his love right out of my heart

Gonna break that spell he cast upon me

All I need is a safety zone where I can't do myself no harm

Can you take me there, I ain't going nowhere

I ain't got no plans, I ain't got no man

I ain't go no man
