

Immortal, Damned In Black

Damned In Black
March of the black dungeoned ones
Beyond the dim they shape
March of the black demonic ones
Beyond the dim they lurk
March of the black awakened beasts
Beyond the dim they rage
Hordes of evil march
Until the end you fall
Drawned to the apocalypse
It's the age of ending
Damned In Black
The ghastly rivers whirl
Swallowing all in sight
Come the vision we await
Into the blinding depths
And never to return...
Damned In Black
March of the black dungeoned ones
Beyond the dim they shape
March of the brave
Immortal gods
From beyond the dim we rise...
