

Immortal, Frostdemonstorm

Frostdemonstorm
Arctic wintery worlds in mind
Possessed forever
By the chains of time
Beastly crafts comes with the snow
We bring the coming
Of our demonstorm
Mountains
On highest mountains we stand
Valleys in the deep valleys we dwell
Demonside
Hailstones flay the skin of earth
Demonize
Until entropys victory is ensured
Stealers of dawn
Pale wraths of the arctic swarm
Cover the sun
Storms are what we breathe
Arctic wintery worlds in mind
Possessed forever
By the chains of time
Beastly crafts comes with the snow
We bring the coming
Of our demonstorm
Mountains
On highest mountains we stand
Valleys in the deep valleys we dwell
Demonside
Hailstones flay the skin of earth
Demonize
Until entropys victory is ensured
